14. PENALTY
14.1 The Agency should ensure that screening of applications and short listing for interviews at all stages is done accurately and in compliance to essential criteria (given in job descriptions) and appropriate marks / points are awarded as per marking scheme in evaluation of candidates. If on receipt of initial shortlist of recommended candidates for interviews, it is found by BVM that the screening is not done correctly, BVM will impose a penalty on the basis of number of errors in the submissions made. For the purpose of calculation of errors, following guidelines would apply:

i. "Initial shortlist of candidates recommended for interview" will be considered as the base list whereas "Final shortlist of candidates recommended for interview" will be treated as the final list. (Refer Section 2(A) of Annexure A for details)

ii. In the final list, one or more changes (e.g. Category, Marks, Eligibility etc.) in candidate’s data from base list will be collectively considered and counted as one error in screening of the candidate.

iii. For the purpose of identification and calculation of error in the hiring, following instances in the hiring process would be considered as incorrect screening and short listing:

<table>
<thead>
<tr>
<th>Error Code</th>
<th>Type of Error</th>
<th>Explanation</th>
</tr>
</thead>
<tbody>
<tr>
<td>E1</td>
<td>Error in Marking</td>
<td>If, in the final list, there is any change in score / marks which was awarded to the applicant in the base list.</td>
</tr>
<tr>
<td>E2</td>
<td>Error in Category</td>
<td>If, in the final list, there is change in category of the applicant from the category indicated in the base list.</td>
</tr>
<tr>
<td>E3</td>
<td>Error on Short listing – &quot;Eligible Candidate&quot; not recommended</td>
<td>Where a candidate who is found eligible on the essential qualification criteria but was not included by the agency in the base list submitted to BVM by agency and is recommended in final list for interview, at later stage.</td>
</tr>
<tr>
<td>E4</td>
<td>Error on Short listing – &quot;Ineligible Candidate&quot; submitted as &quot;Eligible&quot;</td>
<td>Where a candidate who is found ineligible on the essential qualification criteria was included in the base list submitted by the agency to BVM.</td>
</tr>
<tr>
<td>E5</td>
<td>Miscellaneous Errors</td>
<td>Any other action on the part of the agency which is not covered above and which adversely affects candidature of genuinely eligible candidates.</td>
</tr>
</tbody>
</table>

iv. For each position, penalty will be applicable as per the formula below:

\[
\text{Penalty} = \frac{50\% \times \text{Total Hiring Fee for that position as} \times \frac{\text{(No. of Errors)}}{\text{(Total Number of candidates recommended)}}}{\text{}}
\]
mentioned in work
order

- Total number of candidates recommended for the position will include candidates recommended in the base list and any other subsequent recommendations made by the agency till publication of the final list.

- Penalty on account of error will be capped at Maximum of 50% of Total Hiring Fee, as mentioned in the work order for the position and as quoted by the agency in commercial bid for the position.

14.2 The Agency would provide initial shortlist of recommended candidates to BVM for positions awarded to it within 60 days from the issue of work order to the Agency. In case Agency is not able to do so, 5% of the total hiring fee for the position (amount for which work order has been issued) will be deducted by BVM as penalty on account of unsatisfactory performance.

Further, if the Agency is not able to provide initial shortlist of requisite candidates to BVM for positions awarded to it within 90 days from the issue of work order to the Agency, 10% of the total hiring fee (amount for which work order has been issued) will be deducted by BVM as penalty on account of unsatisfactory performance.

Enclosure 7 – Explanation of penalty deductions

As per the provisions of clause 14 of the Agreement for services between Bihar Vikas Mission (BVM) and the Agency, penalty will be applicable if screening is not done correctly and also on account of delay in submission of shortlist of requisite candidates. The following methodology would be adopted:

**Part A: Deductions on account of error in screening / short list**

- As per clause 14.1 (iv) of the agreement for services, For each incorrect screening and short listing, **penalty = 50% x total hiring fees of that position x number of errors + total no. of shortlisted candidates for the position**
- The calculation of penalty to be applicable on account of errors would be calculated on the basis of change in status / data (Marks / Candidature / Category etc.) of the applicants from the **initial short list of recommended candidates** in the **final short list of recommended candidates** by the agency.
- For the purpose of identification and calculation of error in the hiring, following instances in the hiring process would be considered as incorrect screening and short listing:

<table>
<thead>
<tr>
<th>Error Code</th>
<th>Type of Error</th>
<th>Explanation</th>
</tr>
</thead>
<tbody>
<tr>
<td>E1</td>
<td>Error in Marking</td>
<td>If, in the final list, there is any change in score / marks which was awarded to the applicant in the base list.</td>
</tr>
<tr>
<td>E2</td>
<td>Error in Category</td>
<td>If, in the final list, there is change in category of the applicant from the category indicated in the base list.</td>
</tr>
<tr>
<td>E3</td>
<td>Error on Short listing – “Eligible Candidate” submitted as “Ineligible”</td>
<td>Where a candidate who is found eligible on the essential qualification criteria but was not included by the agency in the base list submitted to BVM by agency initially and was included is recommended in final list for interview, at later stage.</td>
</tr>
<tr>
<td>E4</td>
<td>Error on Short listing – “Ineligible Candidate” submitted as “Eligible”</td>
<td>Where a candidate who if found ineligible on the essential qualification criteria was included in the base list submitted by the agency to BVM.</td>
</tr>
<tr>
<td>E5</td>
<td>Miscellaneous Errors</td>
<td>Any other action on the part of the agency which is not covered above and which adversely affects candidature of genuinely eligible candidates.</td>
</tr>
</tbody>
</table>

- Total number of candidates recommended for the position will include candidates recommended in the initial short list and any other subsequent recommendations made by the agency (due to reasons such as rejection of previously recommended candidate / inclusion of new candidates) till publication of the final list.
- Calculation of penalty on account of error in screening / short listing of candidates who have been added to short list subsequently should be calculated separately.
An example is illustrated below:

<table>
<thead>
<tr>
<th>A</th>
<th>B</th>
<th>C</th>
<th>D</th>
<th>E (C+D)</th>
<th>F</th>
<th>G</th>
</tr>
</thead>
<tbody>
<tr>
<td>No. of vacancies</td>
<td>No. of candidates recommended initially</td>
<td>No. of rejections (Error code: E4) (excluding not interested)</td>
<td>No. of other errors in initial short list (Error code: E1+E2+E5)</td>
<td>Total number of errors in initial short list</td>
<td>No. of candidates additionally recommended (excluding not interested)</td>
<td>No. of errors in additional candidates recommended (Error code: E1+E2+E3+E4+E5)</td>
</tr>
<tr>
<td>60</td>
<td>150</td>
<td>20</td>
<td>60</td>
<td>80</td>
<td>25</td>
<td>5</td>
</tr>
</tbody>
</table>

- Penalty on errors in initial short list $P_i = 50\% \times \text{total hiring fees} (\text{THF}) \times 80 = 150(B)$
- Penalty on errors in additional short list $P_u = 50\% \times \text{THF} \times 5(G) = 155(B - C + F)$
- Total Deduction = $P_i + P_u$

<table>
<thead>
<tr>
<th>Penalty</th>
<th>THF (Total Hiring Fee)</th>
<th>E</th>
<th>B</th>
<th>Penalty Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>$P_i$</td>
<td>100,000</td>
<td>80</td>
<td>150</td>
<td>$50% \times 1,000,000 \times 80 = 26667$</td>
</tr>
<tr>
<td>$P_u$</td>
<td>100,000</td>
<td>G</td>
<td>B-C+F</td>
<td>$50% \times 1,000,000 \times 5 = 1613$</td>
</tr>
</tbody>
</table>

(Where $(B - C + F)$ is effective number of eligible short listed candidates after recommendation of additional candidates)

It is to be noted that Penalty on account of error will be capped at Maximum of 50% of Total Hiring Fee, as quoted by the agency in commercial bid for the position.

Part B: Deductions on account of late submission

As per clause 14.2 of the agreement for services, deductions on account of late submission of initial short list of recommended candidates (As mentioned in Annexure A, Section 2 of the Agreement) will be applicable as follows:

<table>
<thead>
<tr>
<th>S. No.</th>
<th>Amount to be Deducted (As a % of Total Hiring Fee for the Position i.e. Amount for which work order has been issued)</th>
<th>Condition</th>
</tr>
